Established since 2006, RadioPro have hand picked our specific range to include some of the best two way radios on the market. Each handheld radio has something different to offer, so whether you need a waterproof or rugged handset; a simple and low range economical model; or a "high tech" digital handportable, you can guarantee you'll find a product to suit all your needs.Looking for something to cover a distance of less than 1 mile? We have a fantastic range of license free radios to suit all budgets. Or do you need something that covers a longer distance? A higher power licensed radio would give you more range and we have some great models at fantastic prices. We've even done all the hard work for you with our "easy licensing" option, meaning you can use your radios straight from the box without the hassle of trailing the ofcom website to find which license you need and filling in endless forms.Need a little help in deciding just which model is best for you? Contact our friendly customer service team and we'll advise you any step of the way.
