

Sun Motors

Unity House, Bird Hall Lane
Stockport, Cheshire SK3 0UX
United Kingdom

Phone: 01613834199

Sun Motors is an independent UK-based vehicle listing and financing platform that aggregates thousands of quality used car listings from dealerships across the country. Rather than owning or selling vehicles directly, Sun Motors acts as a marketplace and credit broker, connecting consumers with FCA-registered dealers and carefully selected finance providers. The platform emphasizes transparency, trust, and innovation. It overlays dealer listings with review data, provides detailed vehicle reviews, and offers tools for car buyers to compare finance offers and contact dealers directly. Sun Motors is a joint venture between The Sun and Motor Genius Group, leveraging The Sun's audience reach and the industry expertise of its partners to transform the UK's used car buying experience. While Sun Motors helps

consumers navigate the marketplace, it also provides dealer partners with tools for lead management, finance integration, and access to a broader audience. Website: <https://www.sunmotors.co.uk>/Phone number: 0161 383 4199
